

LET'S GET
YOU BETTER.

Occupational Medicine Services

**Our goal is to help your employees get better
and back to work as soon as possible.**

With clinics across Los Angeles, Orange and Ventura Counties, we offer convenient access for your employees. We can see 80% of the cases seen in the ER at less cost and with shorter wait times.

Effective November 1, 2023, UrgentMED will merge with Exer Urgent Care. While our name may be changing, the great care and service we provide to you will not change.

Convenient locations
